Post	VILNIUS
Section	PAS
Number of Interns	2

Project Description

As Lithuania celebrates 100 years of statehood in 2018, help document the history of our unique bilateral relationship that withstood the tests of World War II and the Soviet occupation. Lithuania and the U.S. share a wealth of diplomatic, cultural and commercial ties. Help us research those ties and develop public diplomacy tools including crafting social media campaigns, editing online videos, writing blog stories, creating info graphics, and developing public presentations that celebrate this relationship. This project will require close coordination with Embassy staff.
